

Infotech Valley, Inc

Infinite Talents

Jeff Fan

Sr. Java/J2EE Lead with TIBCO

Summary

10 years of experience in analysis, design, development, testing and documentation of software systems and products in **Java, J2EE** in the **Telecommunications** and other domains.

- Involved actively in complete **software development life cycle (SDLC)** using **Object Oriented Analysis and Design (OOAD)** in business environment
- Excellent knowledge of **Java, J2EE** in Multi-tier (n-tier or client-server) architecture.
- Expertise in **J2EE** and related **technologies** including **Struts, spring, Hibernate, EJBs, Servlets, JSP, JDBC, RMI, JNDI, XML, XSD, Oracle.**
- Expertise in **RDBMS** such as **Oracle** including **PL/SQL, Stored Procedures, Views** and **performance tuning.**
- Experienced in Enterprise Application Integration (EAI) using **TIBCO, RV, IM, BW, Hawk, EMS and Inconcert.**
- Well versed with **Object Oriented Concepts** and Good Knowledge in **J2EE Design Patterns.**
- Experienced in developing web applications using **Model View Controller** framework.
- Expertise in developing **J2EE applications** using **Web logic, Apache Tomcat** and **JBOSS.**
- Ability to work within a development team and to develop functional and technical specifications
- Possess excellent communication and interpersonal skills with strong aptitude towards learning new technologies

Certifications

- Sun Certified Java Programmer
- TIBCO Business Works 5 certified professional.

Technical Skills

Languages	JAVA1.5
Operating Systems	MS-DOS, Windows, Unix, Solaris
Scripting Languages	Java Script, UNIX Shell Script.
J2EE Technologies	Servlets, JSP, EJB, RMI, JNDI, JDBC, JMS, Java Web Services
IDE	Eclipse, TOAD, PL/SQL Developer
RDBMS	Oracle, PL/SQL
Frameworks Used	Struts, Spring, Hibernate
Web & Application Servers	WebLogic, Apache-Tomcat, JBOSS
Version Controls Used	CVS, PVCS Dimensions, XML Canon
Enterprise Application Integration Software (EAI)	TIBCO RV, EMS, IM, BW, Hawk, Inconcert ,MQ Series
Other Tools and Software	Caliber – For Requirement Gathering Ant – To build source code TurboXML – For validate XML and XSD
